## Job Description /

### Job Purpose:

Provide high quality periodic, ongoing and reactive maintenance to our East Midlands fleet of approximately 30 public service vehicles, which has an average fleet age of 2.5 years

**Job Location:** Loughborough

**Start date:** To be agreed (as soon as possible)

**Working Hours:** To be agreed / flexible with the Engineering Manager

**Line Manager(s):** Engineering Manager

### About Vectare:

Vectare is a disruptive, innovative, technology-driven transport start-up. We use our bespoke technology to deliver excellent home to school and corporate transport services to fifty independent schools across the UK and a range of blue-chip corporate clients. We also operate local bus, Park and Ride and demand responsive transport services on behalf of local authorities across the Midlands and the East of England.

Our mission is to deliver excellent road passenger transport to all who require it. We want to see bus and coach travel be a mode that people choose to use rather than just being the mode of last resort.

Our Head Office is in Loughborough, and we have depots in Nottingham (Long Eaton), Chelmsford (Rettendon Common and Wickford) and Swaffham. Head Office houses our Service Delivery Centre, from which we control our entire local bus and subcontracted network and provide live telephone and email customer support. We also have a team of computer scientists and app developers, led by our Technology Director, who create digital transport management solutions to support our clients' and our own transport operations.

## Main duties of the role:

- Completing regular Periodic Maintenance Inspections of all vehicles, highlighting and recording all defects identified and then resolving them in accordance with company standards
- Maintaining a good awareness of the Guide to Maintaining Roadworthiness, including any updates made from time to time, and maintaining the fleet in accordance with this guide
- Managing vehicle defects using in-house software and then resolving them in accordance with company standards, making a record of rectification work undertaken
- Attending vehicle breakdowns across our East Midlands network
- Maintaining an overall awareness of the condition of the fleet, to ensure that passenger safety is prioritised
- Promptly reporting any concerns in respect of the above to the Engineering Manager or a Transport Manager

## About You:

People are at the heart of our business and at Vectare, we only want the best people. Our team works to the highest standards, and we expect everybody to focus on high quality service delivery and attention to detail.
